- Mobile phone games, ringtones & wallpapers
- Refuse tags
- Parking tickets
- Vouchers & coupons
- Secure tickets
- Bill-pay
- Enabling purchase of any product, anywhere

## The Omniretail difference:

**MULTI-VEND:** The Omniretail kiosk carries a wider range of products delivering the retailer more revenue generating opportunities. The products are automatically restocked once the levels run below a set standard hence no inventory problems. We are constantly adding to our services; please visit [Omnivend.net](http://Omnivend.net) for new product details and updates.

**EXCEPTIONAL RELIABILITY:** Omniretail's network of kiosks is managed remotely via the Omnivend sophisticated Network Operations Centre. The kiosk itself is solid and robust. It features an intuitive touchscreen for product selection, best in class note, coin and barcode readers and a unique dual-printing system.

**QUALITY 24\*7 SERVICE SUPPORT:** Omniretail operates a free-phone helpline for resolving any customer and retailer queries. The customer can call Omniretail directly, freeing up staff at the till.

## SUPERIOR ACCOUNTS MANAGEMENT:

With Omniretail, every transaction is monitored and logged. This creates a very accurate means of recording all of the account data. Detailed weekly sales reports are then generated and issued; all part of the standard Omniretail service.

**NO SET-UP COSTS:** Omniretail kiosks and plasma screens are supplied free to the retail locations with no rental, maintenance or service fees.

**EASE OF INSTALLATION:** Omniretail kiosks and plasma screens can be installed in minutes and are supplied either floor-standing or wall-mounted. All we need is a power supply and you're in business.

**DYNAMIC PLASMA ADVERTISING:** Omniretail kiosks incorporate a plasma screen allowing you to run customised dynamic advertising and in-store promotions.
